A Guide to Transfer Your Crypto From CEX.io to BTCC

Are you looking to trade futures on BTCC but don't have any crypto in your account? Here's a complete guide on how you can transfer your assets from CEX.io to BTCC.

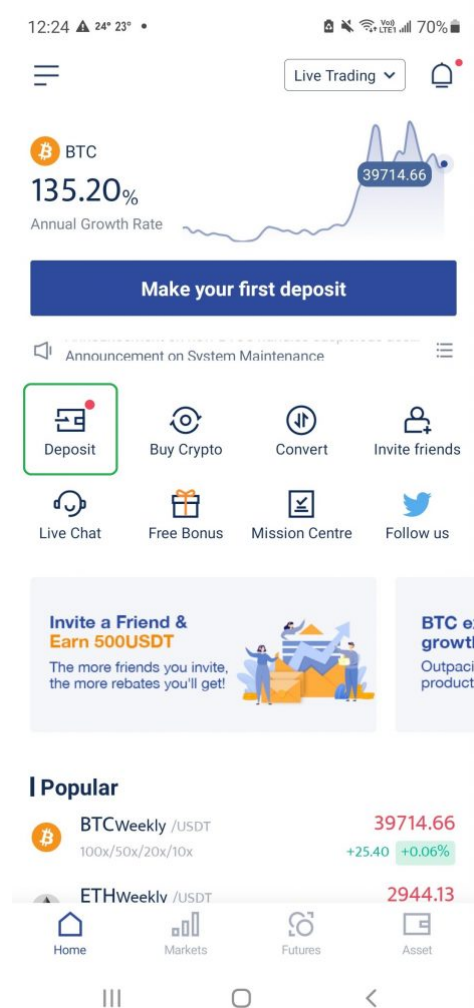

Registration takes less than a minute

If you don't have an account yet, register one for free now. If you're unsure about the whole signup process, check out this ultimate guide on how to register on our platform.

Transfer your crypto from CEX.io to BTCC

Step 1. Go to the BTCC app. Tap the **Deposit** icon.

Step 2. Select the deposit currency. In this case, we will demonstrate how to deposit XRP.

Step 7. Create a name for this wallet. You can name it as 'BTCC'. Then paste the wallet address and the destination tag that you have saved earlier in the corresponding fields.
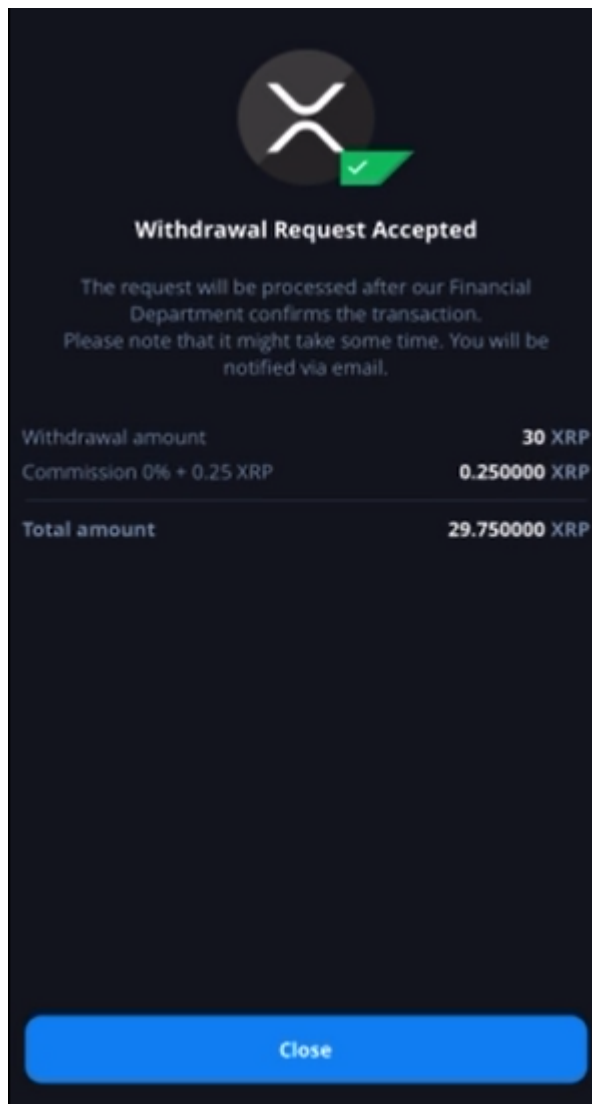

Step 8. Input the amount for withdrawal. Then select the BTCC wallet. Tap **Withdraw**.

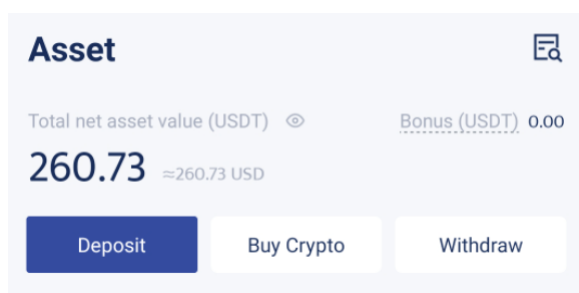

Step 9. Complete the 2FA verification on the CEX.io app. Then you should see a confirmation showing that your withdrawal request has been accepted. After deducting the commission for withdrawal, an amount of 29.75XRP should be withdrawn and transferred to your BTCC account.

Step 10. Go back to the BTCC app. Go to the **Assets** page and tap at the top right corner. Voilà! You should be able to see your deposit in your account.
