Due to the downturn trend in cryptocurrency values lately, more and more crypto enthusiasts shift their focus to meme coins, which historically prove more stable when market gets tough. However, from recent market trend, it is evident that popular meme coins are losing their appeal, demonstrating signs of saturation in their recent performance.

At present, investors are laying great emphasis on new, low-cap meme coins for faster profits, which can be seen from the growing interest in presales for projects like Dogeverse, WienerAI, and Sealana. In this guide, we are going to list the best new meme coins to buy in Canada during the May bull run, thus helping Canadian investors with huge interest in meme coins choose the right coins to invest.

Dogeverse (DOGEVERSE)

Dogeverse (DOGEVERSE), branded as the “world’s first multi-chain meme coin,” is a unique dog-themed meme coin that’s compatible with six major blockchains: Ethereum, Binance Smart Chain, Polygon, Solana, Avalanche, and Base. As the world’s first multi-chain wandering Doge, Dogeverse (DOGEVERSE) attracts more and more investors with its flexibility and cross-chain accessibility.

Thanks to the project’s bridging technology integration, holders are able to transfer their \$DOGEVERSE tokens between supported networks with minimal fees. Additionally, Dogeverse provides a staking mechanism, which enables buyers to stake \$DOGEVERSE and earn an APY of 78% at the current time.

Due to its distinctive multichain ecosystem, Dogeverse (DOGEVERSE) has emerged as one of most discussed cryptocurrencies in April and it appears poised to maintain its momentum into May. This interoperability across major blockchains draws great attention from traders constantly seeking new opportunities, making it one of the best meme coins to invest in this May.

Unfortunately, BTCC currently does not support trading for Dogeverse (DOGEVERSE), but offers a variety of popular meme coin trading pairs, including PEPE, DOGE, SHIB, WIF, etc. If you are interested in this, please sign up [BTCC](#) for trading.

WienerAI (WAI)

Another best-performing meme coin in this May is expected to be WienerAI (WAI). WienerAI (WAI) emerges as a groundbreaking AI token that combines artificial intelligence, dog loyalty, and the appealing essence of sausages to create a global initiative. WienerAI is the first ever construct blending a Wiener, a dog, and artificial intelligence, making it the most powerful cybernetic entity in the crypto universe.

As the world's first AI crypto project laying emphasis on the concept of human-AI companionship, WienerAI is ahead in a potentially valuable philosophical niche as AI technologies progress. With a goal of creating a space where artificial intelligence becomes a friend and partner, WienerAI (WAI) is committed to making people see AI not just as a tool but as a reliable friend and secret keeper.

With growing excitement and optimism, WienerAI (WAI) is expect to unleash huge potential in the future with its key features like AI-enhanced trading, seamless sausage swaps, zero fees, MEV protection, etc. Its excellent performance suggests that this unique AI hotdog project could be one of the standout investment opportunities in May 2024.

Unfortunately, BTCC currently does not support trading for WienerAI (WAI), but offers a variety of popular meme coin trading pairs, including PEPE, DOGE, SHIB, WIF, etc. If you are interested in this, please sign up [BTCC](#) for trading.

Sealana (SEAL)

At present, another project that are attracting the attention of crypto experts is Sealana (SEAL). Sealana (SEAL), the latest addition to the Solana meme coin ecosystem, is seal-themed token.

Inspired by the World of Warcraft guy character on the popular adult cartoon South Park, SEAL describes itself as being a chubby seal who's taken a deep dive into the Solana Sea.

Following a line of popular Solana meme coins like Bonk, Slerf, Slothana, and dogwifhat, Sealana (SEAL) has gone viral with its narrative and quirky mascot. As the newest meme coin on Solana, Sealana (SEAL) has showed outstanding performance in its presale, expecting to be one of the biggest meme presales of this month.

With increasing attraction and optimism, SEAL is expected to replicate the successes of other notable meme coins on Solana blockchain like \$WIF and \$BONK, which have already made significant gains since launching. Leveraging the current meme coin craze and Solana's potential rally, Sealana (SEAL) is regarded as one of the top meme coin to consider investing in Canada in this May.

Unfortunately, BTCC currently does not support trading for Sealana (SEAL), but offers a variety of popular meme coin trading pairs, including PEPE, DOGE, SHIB, WIF, etc. If you are interested in this, please sign up [BTCC](#) for trading.
