A trading event and a puzzle game are part of Binance's latest promotion. This game was launched on August 24th, 2022

Only Binance account holders who have passed the Know Your Customer (KYC) process will be able to take part in the event. We suggest you sign up for Binance using the button below if you don't already have an account.

To participate in this event, crossword puzzle solvers must decode one of seven symbols and then make a trade using Binance Convert.

Token vouchers worth \$10,000 BUSD will be distributed among eligible participants in equal amounts. Another competition in this campaign requires you to climb the leaderboard in order to win one of \$ 3,000 BUSD.

From August 24th to 30th, 2022, you can participate in Binance Convert puzzle campaign . To participate in this promotion, either a new or current user of the Binance app must register.

What is the Binance Convert Event?

Crossword puzzles are the basis of this game. These puzzles consist of a 1010 grid with one uppercase letter in each cell.

The matrix conceals seven different trading symbols. Two token tickers combine to generate each symbol. Pairs like ETHUSDT and ADABUSD are examples. In this matrix, the signs can be located either horizontally (from left to right) or vertically (from top to bottom).

Note: Keep in mind that the same letter can appear in many symbols.
