## What is BLOODcoin (\$BLOOD)?

\$BLOOD is an innovative meme coin project that aims to bring transparency, community engagement, and a new level of excitement to the meme coin scene. Built on the Solana blockchain, \$BLOOD was created as a direct response to the failures and injustices of past memecoins, where greedy founders acted like thieves, enriching themselves at the expense of the Community.

In summary, \$BLOOD embodies a courageous and innovative approach to meme coins, laying great emphasis on openness, empowering the community, and fostering sustainable expansion. By addressing the shortcomings of previous projects and innovating in areas such as tokenomics and community engagement, \$BLOOD strives to establish itself as a prominent and influential player in the Web3 landscape.

## How to Buy \$BLOOD?

At present, \$BLOOD tokens are available exclusively through limited-time pre-sale. If you are interested in this coin project and want to participate in, you will need to send Solana (SOL) to the specified \$BLOOD pre-sale address on the Solana blockchain.

To purchase Solana (SOL):

1. Open your Phantom Wallet and click "Buy".
2. Select "Solana" and enter the amount in USD.
3. Choose a payment processor such as MoonPay or Coinbase Onramp to complete the purchase.

The purchased SOL will be deposited directly into your Phantom Wallet. You can then send the SOL to the \$BLOOD pre-sale address.

Alternatively, you can also acquire SOL on centralized exchanges such as Binance, OKX, Bitpanda, or Crypto.com, or through debit/credit card processors like MoonPay and CEX.IO. After purchasing, transfer the SOL to your wallet.

After the pre-sale concludes, you can acquire additional \$BLOOD tokens by participating in \$BLOOD community events or trading on decentralized exchanges (DEX). Trading will be available on popular Solana DEXs such as Raydium and Jupiter.
