### How to Buy TRUST Coin? A Beginners' Guide

As the cryptocurrency market continues to heat up, many traders are looking for ways to get their hands on the next big crypto. One coin that has been lately getting a lot of attention is TRUST (TRUST), which has dramatically jumped more than 1,500% in the past 24 hours. So, without further ado, in this article we'll give a detailed guide on how to buy TRUST coin.

## How to Buy TRUST? A Step-by-Step Guide

---

### Step 1: Download and create a crypto wallet

A self-custody wallet like MetaMask is required to purchase TRUST token. You can also choose any other wallets that support ETH ERC20 tokens. If you are using a desktop computer, you can download Google Chrome and the wallet Chrome extension. If you prefer using your mobile phone, you can download the wallet via Google Play or iOS App Store.

### Step 2: Set up your wallet

Register and set up the crypto wallet via the wallet's Google Chrome extension or via the mobile app you downloaded in Step 1. You may refer to the wallet's support page for reference. Make sure to keep your seed phrase safe, and take note of your wallet address. You will be using it later on Steps 4 and 5.

### Step 3: Buy Ethereum as your base currency

Once your wallet is setup, you can [login to your BTCC account](#) and proceed to buy the [Ethereum](#). If you are not an existing user, you can refer to our [guide](#) on [registering](#) and buying your first cryptocurrency on [BTCC](#).

#### **Step 4: Send Ethereum from BTCC to your crypto wallet**

Once you buy your Ethereum, go to your BTCC [ASSET](#) section and look for the Ethereum you purchased. Click on [withdraw](#), provide your wallet address from Step 2, the amount you want to transfer and other information required to fill up. Click the **confirm** button and wait for your Ethereum to appear in your wallet.

#### **Step 5: Choose a DEX and connect your wallet**

There are several decentralized exchanges (DEXs) listing TRUST token. Just choose one you like and that supports the wallet you selected. Then connect your wallet to the DEX by using your wallet address.

#### **Step 6: Use your Ethereum to buy TRUST**

Select your Ethereum as the payment and select TRUST as the coin you want to acquire. Once you are done with the previous steps, you can click on the Swap button.

Now let's move on to where to buy TRUST coin.

CoinMarketCap gives a list of purchase alternatives for each digital currency (also known as market pairs). Go to [CoinMarketCap](#) and search for TRUST.

Here you've known how and where to buy TRUST. Happy Investing!

Lastly, [BTCC](#) will keep you updated with TRUST's further price prediction soon.
