## **JustPlay App Review and Guide 2023 - Is JustPlay Legit?**

Original:

<https://www.btcc.com/en-US/academy/research-analysis/justplay-app-review-and-guide-is-justplay-legit>

So, you're interested in playing games on your mobile device for real money and have come across the [JustPlay](#) review to determine the app's legitimacy. To find out more about this side hustle, my family tried out the JustPlay app.

Plenty of applications exist that offer financial compensation in exchange for playing games. These apps make it easy to make money, but unfortunately, many of them are scammers. In this article, I will explain how JustPlay works, the potential earnings, and my own experience earning incentives with the program.

If you're still on the fence about whether or not JustPlay is legitimate, I hope this helps!

## What Is JustPlay?

The popular get-paid-to (GPT) app JustPlay lets you earn money just by downloading and playing games on your mobile device. As a reward app for gamers, it's comparable to Mistplay and Gamehag.

Anyone can download and use the JustPlay software without paying a dime. You can earn JustPlay coins by playing games, and you can exchange them for free PayPal money or gift cards.

For the time being, it's only compatible with Android devices. With an average rating of 4.1 stars and over 1 million downloads, JustPlay is now dominating the Google Play Store.

# How to Make Money with JustPlay

It's easy to make money with JustPlay, just like with other gaming incentive applications. Actually, using the program merely takes six easy steps. Let's go over each of these steps' operation in a little more detail.

## Step 1: Download and Register

Download the JustPlay app from the Google Play store to get started.

A minimum of Android version 7 is needed to use JustPlay. As gaming apps like Mistplay and Rewarded Play typically function with Android version 5 or higher, this is actually a bit of an anomaly.

You just need to authenticate yourself when it's time to cash out after downloading JustPlay; you don't even need to make an account to utilize the program.

**GET 10,055 USDT DEPOSIT BONUS**

## Step 2: Get the JustPlay Games app

My husband, my adolescent son, and I all got the JustPlay app on our Android phones so we could finish writing this review.

No signup was necessary, and it was simple to download. The app will display a list of partner games that are compatible with JustPlay so that you can download them and play them to earn money.

There is usually a download bonus and the number of coins you can win is shown in the game.

On my list of JustPlay games you might find:

- Mad Smash
- Merge Shooter
- Solitaire
- Treasure Master
- Ball Bounce
- Cookie Jelly Match

Puzzle, card, word, and skill games predominate. Sometimes you'll come across a multiplayer game or a castle-building game.

Compared to Mistplay, this app has a much smaller library of games, but it's still better than others that only provide a couple of options.

### **Step 3: Get Coins by Playing Games!**

Downloading and playing JustPlay's partner games is the main way to earn money using the app.

You can't just open a game from your phone's home screen after downloading it; you need to use the JustPlay app. Because JustPlay needs to know when to pay you in coins based on your gaming

activity, this is a crucial step.

The length of time you spend playing the game and the type of game you play determine the amount of coins you can earn.

Unfortunately, before JustPlay will pay you out your cash, it will randomly display you video adverts that you will not be able to skip.

The longer you play, though, the more cash you should gradually acquire. On the download screen, games also show you the possible coin earnings.

I spent a little time playing solitaire and ended up with 46,800 coins, 10,055 of which were from the download bonus.

Although the Solitaire game was adequate, I was compelled to view a handful of 30-second advertisements during that period. The only positive aspect was the coin incentive for downloading games, but other than that, it wasn't very good.

Keep in mind that, similar to other gaming reward applications, your coin total will gradually drop as time goes on. So, if you want to maximize your earnings, you need to continuously installing new games.

## **Step 4: Finish Off Your Paid Offers**

Under the "complete offers" option, you'll find a variety of paid offers that you may complete to earn coins with JustPlay.

Other games that you may download and play to earn coins are included in this section. The biggest distinction is that players need to spend time—sometimes even weeks—to complete in-game milestones.

In contrast to the main game's tab, the payouts are far bigger, and the game variety is likewise superior.

Some of the offers that JustPlay has to offer are:

- Reach a maximum of 26,500,000 coins while playing RAID Shadow Legend.
- Get as many as 4,960,000 coins by playing Vikings: War of Clans.
- Amass a maximum of 166,000 coins while playing Candy Crush.
- In Mistplay, you can win as many as 725,000 coins.
- You can learn about the several ways to acquire all the cash by tapping on the offers.

In the case of RAID Shadow Legend, for instance, finishing the tutorial is mandatory. However, you'll need to open a specific amount of shards or buy something in-app before you can proceed.

This app is designed for serious gamers who are already immersed in these games, as it may need a significant amount of time to grind through.

## **Step 5: View Commercials**

You may view commercials for money on JustPlay, much like on many other beermoney applications.

Ads for other games or apps that give you money at random often last 30 seconds. A bonus of 10,055 coins is yours after you view the first advertisement. A two-minute waiting period is in place once each ad has finished playing.

As long as you keep watching the ads, you'll keep getting 10,055 coins. This is essentially a form of passive income generation. In addition, advertisements will begin paying you thirty thousand coins instead of twenty thousand coins after you hit your daily earning objective, which is displayed at the

top.

## **Step 6: Receive Your Money**

In contrast to most reward applications, JustPlay's cash out mechanism is a little strange. You can't just earn money to redeem prizes.

You have a three-hour window each day during which you can withdraw your coins from JustPlay. Another great thing about the app is that there is no minimum amount you need to withdraw.

With the 55,000 JustPlay coins I received, I was able to cash out \$0.68 CDN via PayPal.

This translates to a value of around \$0.0000125 for one JustPlay coin.

It's weird that you may only withdraw funds at irregular periods of a few hours, and the procedure is generally quite complex. The absence of a minimum withdrawal amount, though, is an advantage. On top of that, you get paid right away.

---

## **Is JustPlay Legit or a Scam?**

Based on the thousands of positive reviews it has received in the app store, JustPlay is definitely authentic. Playing games can earn you money, and it pays off promptly. Along with my family, I tried out JustPlay, an app that paid us to download and play several games.

Additionally, we all found the games on JustPlay to be entertaining. The entertainment value exceeded the annoyance of the advertising, and the ability to win money just for playing was a pleasant surprise.

Unfortunately, you won't be able to pay the mortgage or leave your day job with the money you earn.

There is a real opportunity to earn money online with JustPlay if you have some spare time. Plus, the app's quick payouts and real money payouts are two of my favorite features.

## Is JustPlay Open to Anyone?

At the moment, JustPlay is only available in a small number of countries, but that will soon change. Download JustPlay from the Google Play store if you happen to be a resident of any of the following countries:

- Canada
- Germany
- Italy
- Poland
- Spain
- The United States of America
- Australia
- New Zeland
- The United Kingdom

Even if your nation isn't on the list, you can still see if JustPlay is available in your country by visiting its website in the Google Play store.

[Download App for Android](#)

[Download App for iOS](#)

## Methods and Process for JustPlay Payouts

Finally, we reach the meat and potatoes of JustPlay: the rewards. Playing games (viewing advertising) clearly earns you coins, which may be used into cash. Withdrawals can be made to many different gift cards, Google Play credit, or the highly suggested PayPal.

I don't see any complication in that; it appears straightforward. It has varied purposes. The value of coins in terms of fiat currency does not have a fixed conversion rate and fluctuates greatly. Furthermore, there are specific times when you are only permitted to withdraw funds. Thus, let us examine the mechanism:

## Conclusion

One of the best ways to get money without doing nothing at all is with the JustPlay app. The fact that games are entertaining and easy to become addicted to is a plus. This is a fantastic way to get money when you're not actively working on anything.

They have a built-in offerwall and simple ad watching, which is great for increasing your revenue.

Not everything is upbeat, though. You have no idea how much you've made until you go to withdraw because of how they turn coins into cash. Either \$17 or \$0.10 may be on the table. Demotivation sets in when you have no idea how much money you're making.

Furthermore, it is really bothersome that the withdrawal cycle has a time limit because it does not value your time. Ignored the countdown? Sorry, but you'll have to hold off on withdrawing for a little longer now...

Having said that, we still think it's a great app for your phone. If you add in an hour of mindless gaming, you could make a good amount of money.

I want to be clear: JustPlay will not make you rich, but it will pay you decently for playing pointless mobile games. Make a few minutes when you're vegging out on the couch at night to earn some more income; it won't take up your entire day, but it will help. It will build up in the long run.

We recommend combining it with Mistplay, the play-to-earn model's superior implementation, for optimal results. A lot more basic explanation of how it works is that you earn money just by playing.

## FAQs

### **How much is a justplay coin worth?**

This means one JustPlay coin is worth around \$0.0000125 dollars. It's honestly a very confusing system, and the fact you can only cash out every few hours in intervals is strange. However, the lack of a cash out minimum is a perk. And you get paid instantly as well. Free gift cards (companies like Amazon, Best Buy, and Walmart)

### **How do I earn points on the justplay app?**

You can earn points on the JustPlay app by playing any of the games that they have available. They have different types of games to stimulate the brain, including puzzles, number games and word games. The more you play, the more your coins balance will increase. You don't have to spend all of your game time on a particular title.

### **How do I cash out on justplay?**

With the JustPlay app, you can play and cash out every day, by clicking the yellow Cashout button located at the top right hand corner or the bottom of your screen. However, you're limited to one payout every 24 hours. The payment threshold is relatively low and you can cash out with just \$2 in your account.

### **How do you determine the success of a coin toss experiment?**

In other words, if you assign the success of your experiment, be it getting tails or the girl agreeing to your proposal, to one side of the coin and the other option to the back of the coin, the coin toss probability will determine the answer. It all boils down to getting your hands on a coin that is weighted appropriately.
