Notably, Roaring Kitty's return to social media may have ignited sentiment amongst meme stock names. However, this exciting news failed to lead to a rising optimistic sentiment amongst the major meme coins like Shiba Inu.

According to the performance of Shiba Inu in recent months, it has formed a pennant structure and a breakout appears imminent. As Shiba Inu (SHIB) adjusts within the range of a multi-month pennant structure and risks a downside breakout, investors are instead targeting an exciting new Bitcoin ICO called 99Bitcoins (99BTC), aiming for potential 100x returns.

Why Shiba Inu investors are targeting this new Bitcoin ICO? What is 99Bitcoins? Is 99Bitcoins a good investment in 2024? In this article, let's take a close look at this project.

## What is 99Bitcoins?

99Bitcoins is a well-established crypto education platform that has an operation history of nearly a decade. As a well-known platform in the crypto education space, 99Bitcoins positions itself as the most comprehensive online learning resource available. Users can get access to an array of educational courses, crypto trading signals, strategies, and mentoring all in one place.

In addition to the offering of leading cryptocurrency education for its users, 99Bitcoins also targets to establish a community of crypto investors and traders who can share their insight and foster valuable connections.

Already a household name in the crypto education space, 99Bitcoins is taking the natural next step -learn-to-earn (L2E). 99Bitcoins is launching a new L2E token (99BTC) which is designed to reward individuals for learning about cryptocurrency.

## 99Bitcoins Key Features

99Bitcoins is a multi-faceted project that has several key components. To make an informed investment decision, it is necessary to understand the key features of this platform. Next, we will list the key features of 99Bitcoins.

**Learn-to-Earn:** 99Bitcoins will adopt a learn-to-earn model to reward users for their participation. 99BTC tokens can be earned through completing courses and engaging with the community, thus encouraging people to use the platform and grow the online community. These earned tokens will be sent directly to users' wallets and can be traded on-chain or used to access premium platform features.

**Crypto trading signals:** 99Bitcoins will offer users advanced trading signals straight from experts, thus helping them obtain an edge over the market while simplifying the analysis process. With the crypto trading signals, users can make informed crypto trading decisions.

**BRC-20 development tools:** another impressive feature provided by 99Bitcoins is BRC-20 tools that will be provided to members who wish to build d'apps. The platform will provide extensive educational guides and resources to help members who want to get started with BRC-20. This will improve accessibility to the technology and bring further utility to the platform.

**VIP community and mentoring:** the VIP community group and mentoring opportunities is one of the most exciting features offered by the platform. 99Bitcoins will connect members so that traders can learn from other crypto enthusiasts and connect with like-minded individuals. Members will also be able to receive private mentoring from experts which will allow users to improve their skills and learn from the best.

## What is 99BTC Token?

99BTC is the native utility token of the educational platform that is designed to reward individuals for learning about cryptocurrency. The token is built to the BRC-20 standard on the Ethereum blockchain. 99BTC will grant access to premium content, exclusive token holder events, airdrops and staking.

99BTC is currently available in presale, and fundraising efforts have so far been a resounding success.

The new Bitcoin ICO has already been able to raise over \$1.25 million.
