It's been a wild ride for investors and marketers in the cryptosphere, who have watched a highly rare event. [Terra \(LUNA\)](#), renamed [Terra Classic](#), is the name of the event ([LUNC](#)). The industry has had a difficult time digesting the crypto asset's price drop.

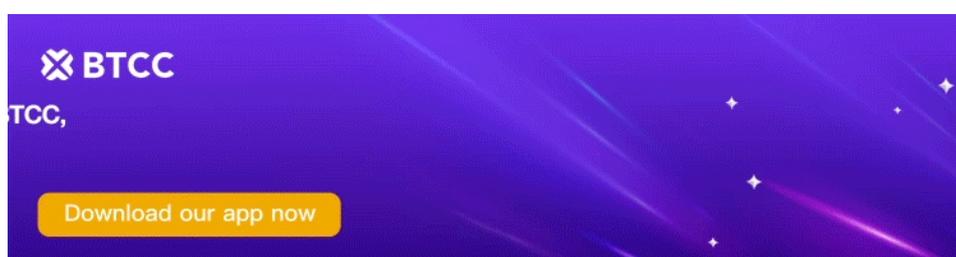

Following the depeg of [UST](#), the decline that had already begun was exacerbated by enormous liquidations and manipulations. Terra Classic's future is still a mystery to the company's marketing team (LUNC). Then there's Terra, which just went live (LUNA). We're about to decipher the LUNC price forecast for 2022 and beyond, so buckle up!

Terra Classic (LUNC) Price Forecast in 2022

LUNA's current pricing was \$91.47 at the beginning of the year. On the 8th of January, the digital asset's price fell to \$62.87, a loss of about 5% in one week. However, throughout the next week, the [altcoin](#) attempted a 38.16 percent recovery.

After falling to \$43.28, LUNA's price fell to its lowest level of the year. That was on January 31st. Consolidation in the face of torrential business agony was short-lived. The price had been rising steadily since February 22nd, and at the end of the third quarter, it had risen an astounding 118.23%.

The cryptocurrency has had a terrible second quarter. LUNA's price was impacted significantly by the turmoil in the market. There was a rippling effect and an uptick in selling once UST's \$1 barrier was breached, leading to the altcoin's demise. On May 13th, 2022, the digital asset reached its ATL of \$0.00001675.

Analysis of the Fundamentals

With the use of its stablecoins, Terra hopes to establish itself different. Since it combines the advantages of cryptocurrencies with the daily price stability of fiat currencies. To back up these claims, the protocol has a variety of collaborations with payment platforms.

Tera Alliance, on the other hand, is a supporter of Terra. There were 45 million users on 10 distinct e-commerce platforms from around the world in February 2019, according to the corporation. The partnership included members with a combined gross commodity value of \$25 billion.
