Today, Bitgert is the most talked about [cryptocurrency](#) out there (BRISE). Actually, despite the market's freefall, BRISE is still one of the few currencies seeing astoundingly large growth. As a result, it has received a lot of attention from the cryptography community.

Bitgert's rapid development and widespread use are driving forces behind the current bullish trend in its cryptocurrency. The rising cost of goods and services is attributed in part to the increasing number of people using the Bitgert BRC20 blockchain. The BRC20 blockchain is the world's fastest and the only gasless blockchain. As a result, it has replaced the previous standard chain.

Bitgert's success can also be attributed to the quickly developing blockchain. Bitgert's staff develops more products and adds more projects to the ecosystem than any other cryptocurrency company. Bitgert's startup studio, the Bitgert Roadmap V2, will introduce over a thousand new projects to the Bitgert ecosystem in the following year.
