Wild Cash App by Hooked Protocol: Answer Quiz to Earn HOOK Tokens for Free

Original:

<https://www.btcc.com/en-US/academy/research-analysis/wild-cash-a-quiz-to-earn-app-by-hooked-protocol>

Wild Cash is a Quiz to Earn app by Hooked Protocol, which offered its token sale on Binance on 23 November. Hooked Protocol is a new web3 blockchain project which looks to enable web3 mass adoption and focuses to form an ecosystem consisting of future community-owned economies. This protocol is made with revolutionizing web3 tools and is made for the same community. The official statement points out the focus of the project:

- Hooked Protocol aims for empowering the general class of people with minimal or zero prior experience in crypto-based activities like accessing, earning and owning any cryptocurrency and all this in a fun way.
- This protocol is also dedicated to empowering developers and their applications to transform in a streamlined fashion on Web3.
- Hooked is looking forward to making a large community with high scalability and involvement. This talk about the maximum use of decentralized social network and exponential growth.
- Wild Cash is one of the projects of Hooked Protocols.

Wild Cash Quiz: Answer to Earn Crypto Rewards

To make the protocol reachable to everyone, Hooked Protocol launched Wild Cash App to provide a fun and game approach to rule the market and connect more people. This app is having a user base of more than 3 Million within just days of its launch and it claims to have 50,000 new users joining daily.

HOOK, Hooked Protocol's native token is going to be listed on Binance post token sale on the Binance launchpad. And since we are in airdrop season, there could be higher chances of those who used the app to earn GOLDS inside the app could be airdropped HOOK tokens when they launch. However, this is just an assumption and no official confirmation has been made yet.

Whether or not there would be airdrop, you can still earn money with Wild Cash App in simple ways like answering quizzes or by mining by just clicking a few buttons. Yes, it is that easy. More on that later.

A Step-by-Step Guide to Use the Wild Cash App

Although the app focuses mainly on the user experience and hence made it simple to use, but given below is a step-by-step guide to start with Wild Cash App:

- Click here to download the Wild Cash app.
- Choose the SIGN UP method. The options are provided here between Google and Facebook accounts.
- Choose the language of your preference and the currency you want to withdraw in.
- Next, you will get some profile customization options such as choosing your gender and choosing a random nickname.
- You are into Wild Cash App now.
- Explore different sections from the landing page as well as the navigation bar available on the bottom. You can view and access the wallet from the icon available in the top right corner.

Main Functions of Wild Cash Quiz to Earn

The application is full of amazing and interesting features with diverse purposes. A few of them are mentioned below.

1. Quiz to Earn Crypto with Two Modules

On clicking the text available in the upper section of the landing page, which says “Quiz to earn Crypto” you will be redirected to a game of quiz which has cryptocurrency as their reward. This sounds so interesting and so is its event rule page which shares information about the quiz after clicking the above-mentioned text.

The quiz event consists of two modules Quiz Special Session and Quiz Training Camp, where both of them can provide an opportunity for GOLD airdrop awards.

Quiz Special Session

- Two such Quiz Special Sessions are organised every day, where a user can participate in either of the two at any time between the release time of the quiz and 11:59 PM of the same day.
- Each event consists of 10 questions. When a user answers all the questions correctly within a given amount of time, the user is marked as a success and is eligible to receive rewards which are further divided.
- In the case when a user answers any question incorrectly, it is marked as unsuccessful. The user can retry with a special reviving card which can be used 3 times per event per day.
- This reviving card is earned by inviting friends on the app. Users receive 5 reviving cards for every referral with no upper limit.

Quiz Training Camp

- There are 3 different training zones with increasing difficulty and increasing rewards as well.
- There are 10 questions in each camp. If a user answers all the questions correctly, he/she receives 1 chance for GOLD rewards and this cycle continues.
- Failing the same would end up having no reward for the user.
- The number of questions would be decided by the training camp based on your historical data of correct questions. The more questions you will mark correct, the more questions will be offered to you.

2.Mining

- Go to the bottom navigation bar shows a tab on mining.
- You simply need to click a button saying Tap and you can mine.
- The mining section doesn't mine coins directly, it mines GOLDS.
- These GOLDS can be later redeemed for some selected cryptocurrency.
- Soon users can withdraw to the Binance exchange.

3.Wallet

- Here you can explore the assets owned by you.
- The wallet is quite informative which shows the token balance.
- It also provides the option to swap and transfer the GOLDS earned by you into 2 currencies available for now, uHGT and BUSD.
- It also shows the NFT collection of the users right next to the token assets section.

4.Referral

- The referral section is available on the navigation bar available at the bottom.
- WildCash App has some of the best referral offers in the market now.
- They provide 5000 GOLDS per referral and a commission of 8%.
- You can also make a team together and earn 200,000 GOLDS/points. All you have to do is share it with your friends.

How Exactly Can I Earn with the APP?

Wild Cash app is a good combination of game and fun mixed with web3 which ultimately makes an amazing application which does not just spread awareness about web3 but also makes it a potential source of income for enthusiasts as well as super-naive users.

Earning with Wild Cash app is super easy, and here is how you can earn cryptos or real cash:

1. Answering the Quiz

The app contains many types of quizzes which are arranged on a daily basis where users can participate and give their responses for multiple quizzes a day through different sets and formats of questions. The one with correct answers gets you points, which you can convert to uHGT tokens that could further be converted into other cryptocurrencies or real cash.

2. Mining on the APP

Unlike the traditional mining of cryptocurrency, the miner needs a pool of good and powerful hardware to carry out mining. But today in Wild Cash App, you can mine with just one tap on your mobile. New users have a limit of mining 10,000 coins per day, you just have to tap and tap many times to mine coins/points.

Mining follows POWT (Proof of Work time) mechanism to reward GOLDS.

In order to earn more mining, you can upgrade your mining tools by spending GOLDS to earn 16000 GOLDS (instead of 10000) everyday. If you upgrade further, you can even earn 33000 GOLDS every 24 hours. However you need to wait at least 24 hours to upgrade your mining tool everytime.

3. Staking Your Earned Points

Stake the points earned to earn more yield. Currently it offers 20% APY.

4. Referring to Earn

The more members you refer the app, your earnings keep increasing. You also get a 8% on the points earned by your referred members. You still have time. Join today and start referring.

Wild Cash App: Is It a Scam?

Wild Cash app is not a scam. You can really make money with the app. However, ensure you do not end up downloading fake app. Download from the authentic app only.

In Conclusion

Analyzing the features available to developers and users, Wild Cash is a good and productive application built in Hooked Ecosystem. The application accomplishes what it set out to do in its initial stages. Wild Cash makes web3 more accessible through an interesting game concept. Moreover, it helps users to earn money in a very simple way. You can start "Quiz to Earn" now!
